

Don't Waste It, Taste It!

reducing waste 🌍
meets
saving money 💰

Swift Project
Figma Prototype

Save money, protect the environment, and create a sustainable future, all with one app. Meet **ResQ**, a modern foodsharing app!

Did you know?

58% of global food waste is produced by private households – that's **6.8 million tons** in Germany alone.

Every choice matters!

If every household in Germany saved one product per week, we could rescue over **1 million tons** of food annually.
